

Puppy Wellness Plan 2022

Keep your puppy healthy for less with our monthly payment plan

Puppies need frequent veterinary care in their first year of life to ensure maximum health. Our Puppy Wellness Plan saves you money on the total cost of necessary preventative care and treatments. Best of all, this plan features budget-friendly monthly payments – making it easy to manage your puppy’s healthcare costs.

Why does your puppy need preventative care?

Illness is more common than you think:

Puppies are highly susceptible to diseases because their immune systems aren’t fully developed. It’s important to vaccinate and deworm your puppy on a regular schedule to provide the maximum protection.

Growing bones need special care:

Puppies seem to get bigger right before our eyes. Such rapid growth can come with its own set of problems. No matter what their breed, puppies need to be examined frequently to make sure their growth and development is on the right track.

Prevention is the key to better health:

Prevention care can help set the foundation for a lifetime of good health, so you and your puppy can spend more quality years together. It’s essential for detecting diseases early on before they become more serious – and more expensive.
